NOTIFICATION OF
CONSTRUCTION
ACTIVITIES No:6

We're growing a new *car* park...

9th February 2018

Dear Resident/Business Owner

Further to the Gantry Information Pack issued December 2017 and Construction Notification 5 issued January 2018, we are now able to confirm the commencement date for the erection of the gantry from Monday 12 February.

Specific works to be undertaken include:

- Establishing traffic management signage and controls
- Operation of a mobile crane and plant
- Installation of structural steel framing
- Installation of temporary barriers immediately surrounding the affected area
- Temporary disruption to laneways, footpaths and neighbouring driveways
- Operation of construction vehicles along laneways
- Install of site sheds, including connection of services

This work is scheduled from Monday 12 February 2018 between 3:00pm and 11:00pm.

To ensure minimal disruption and inconvenience to businesses that use the laneway, neighbouring properties and the public, the installation of the gantry will be undertaken between 3pm and 11pm over a period of 2 weeks.

The gantry will be installed in sections, commencing from the southern end. Due to the operation of access and material handling plant, a 30 metre exclusion zone will be established in front of the work zone. This means pedestrian access will be temporarily diverted and access to certain driveways will be restricted between working hours.

Throughout this process access to Rosenthal Lane, the southernmost and northernmost ends of Birdwood Lane, will be maintained with appropriate traffic control measures in place.

We apologise in advance that these works will result in occasional delay and disruption from time to time to vehicle and pedestrian movements.

Your patience and cooperation is appreciated while the works are underway. If you have any questions about these works, or would like more information about the Rosenthal Project, you can call the project hotline on 1800 ROSENTHAL (1800 767 368) or send an email to rosenthalproject@adcoconstruct.com.au

Yours faithfully,

John Gabriel
