

11 October 2019

Dear Resident/Business Owner

As notified by Sydney Water, this is a reminder that Sydney Water will commence works to improve local water infrastructure to the corner of Birdwood Avenue and Longueville Road on 14 October 2019. We apologise for any inconveniences as a result of these works.

What we are doing

- Upgrading the existing water connections along Birdwood Avenue and Longueville Road.
- These works will involve digging, jack hammering, saw cutting, road resurfacing, and asphaltting. A small excavator and construction vehicles will be in operation during the excavation of the trench.

When

- Works will commence **Monday 14 October 2019**
- All works will take place at night during the approved hours of 9:00pm-5:00am. Due to the work area's proximity to a busy intersection, works are directed by Roads and Maritime Services to occur at night in order to minimise disruption to motorists and local businesses.
- Please note that the duration of works may change in the event of inclement weather or for other unforeseeable circumstances outside of our control.

What to be aware of

Traffic and Pedestrian Changes

- A contra-flow will be set-up in Birdwood Avenue in the immediate vicinity of the work area. Local vehicles will still be able to access properties in the street. Traffic will be regulated by appropriate implementation of traffic control measures.
- Pedestrian access along Birdwood Avenue will be managed by traffic control to ensure safe access at all times.
- All vehicle and pedestrian lanes will be returned to normal operation for day time hours.

Noise and vibration

- These works are expected to generate medium levels of noise, and low levels of vibration. We apologise for any disturbances that may occur as a result of these works.

Please find a map overleaf detailing where the works will be taking place.

Your patience and cooperation are appreciated during this important stage of the project.

If you have any questions about these works or would like more information about the Rosenthal Project, you can call the project hotline on 1800 ROSENTHAL (1800 767 368) or send an email to rosenthalproject@adcoconstruct.com.au

Yours faithfully,

ADCO Community Liaison Manager
